## ABOUT ME

Product Designer with 3 years of experience in UX/UI and a huge background in graphic and audiovisual design.

I love to work on design systems, make high fidelity screen and work with developers :)

## EXPERIENCE

○ 03/2021 - PRESENT

### Product Designer at Banco Galicia

Referrer in a 5 designers team, responsible of all the user's benefits, from promotions webs to Quiero! fidelity program.

○ 03/2022 - 10/2022

### UI Designer at Belo

As a freelance project, i was responsible to making from the very beginning the design system for the product, set principles, foundations and components based on atomic design.

○ 06/2021 - PRESENT

### UI Professor at Coder House

I love to teach and help new designers!  
As a freelancer, I'm teaching UI online course for 60 students.

○ 08/2020 - 03/2021

### UX/UI Designer at BP4

I worked in a software factory as a UX/UI Designer.  
I design dashboards for web apps and hybrid mobile apps, from the research in the beginning of the project to the end, delivering high fidelity prototypes.

○ 01/2020 - 08/2020

### UX/UI Designer at GorillaSite

I worked in a web development start up as a UX/UI Designer.  
I design dashboards for their own product and a lot of web redesigns.
